SERVICE STC			
SPECIAL TERMS AND CONDITIONS FOR DESIGN, SUPPLY, INSTALLATION, COMMISSIONING AND MAINTENANCE OF GRID CONNECTED GROUND MOUNTED SOLAR POWER PLANT SERVICE			
A. Design, Supply, Installation, Commissioning, and Maintenance of Grid Connected Ground Mounted Solar Power Plant Service-related contracts placed through GeM shall be governed by the following set of Terms and Conditions: I. General terms and conditions for Goods and Services. ("GTC"). II. Service-specific terms and conditions ("STC") contained in this document. III. BID / Reverse Auction specific Additional Terms and Conditions ("ATC") as specified by the Buyer.			
B. The above terms and conditions are in reverse order of precedence i.e. ATC shall supersede Service-specific STC which shall supersede GTC, whenever there are any conflicting provisions.			
C. This document represents the Special Terms and Conditions ("STC") and the Service Level Agreement (SLA) governing the contract between the Buyer and Service Provider. The purpose of this document is to outline the scope of work, stakeholders' obligations, and terms and conditions of all services covered as mutually understood by the stakeholders.			
1. Objectives and Goal			
The objective of this document is to ensure that all the special terms and conditions are in place to ensure consistent delivery of services to the Buyer by the Service Provider. The goal of this document is to: ● Provide clear reference to service ownership, accountability, roles and responsibilities of both parties ● Present a clear, concise, and measurable description of services offered to the Buyer ● Establish terms and conditions for all the involved stakeholders, it also includes the actions to be taken in case of failure to comply with the conditions specified ● To ensure that both parties understand the consequences in case of termination of services due to any of the stated reasons.			
This document will act as a reference document that both parties have understood the above-mentioned terms and conditions and have agreed to comply with them same.			
2. Stakeholders			
The main stakeholders associated are: 1. Buyer: The Buyer is responsible for providing clear instructions, approvals, and timely payments for the services availed as per the contractual terms 2. Service Provider: The Service Provider is responsible for providing all the required services in a timely manner to the satisfaction of the Buyer. The Service Provider may also include the seller/supplier/bidder/contractor, any authorized agents, permitted assignees, successors, and nominees as per the context and as described in the documentThe responsibilities and obligations of the stakeholders have been outlined in this document. The document also encompasses payment terms and deductions			

in case of non-adherence to the defined terms and conditions.

3. Service Scope The scope of work for this service would be as: Design, supply, installation, commissioning including warranty, comprehensive operation & maintenance of Grid Connected Ground mounted solar plants.

4. Terms and Conditions

4.1 Buyer's Obligations

- i. The Buyer shall provide access and adequate space to the authorized personnel of the Service Provider to work in the specified area.
- ii. Following the finalization of the contract, if required, the complete layout of the site/location/building of the Power Plant and a complete diagram shall be provided to the Service Provider.
- iii. The Buyer must notify the service provider, as soon as possible after the buyer becomes aware of the following conditions – a) For any problems, complaints, incidents, or accidents that occur during the contract including any form of inappropriate behavior/ improper uniform by the personnel. b) For any dishonest, wrongful, or negligent acts or omissions of its personnel or agents in connection with the services
- iv. Buyer can instruct the Service Provider to disengage any of its staff from service, in case of any negligence on the part of that particular staff and the Service Provider shall do the needful without any demur or protest.
- v. The Buyer can issue instructions, if required or necessary for prompt and effective implementation of the services, to officials, agents, and representatives of the service provider
- vi. The Buyer will arrange for the site visit of the Service Provider.

4.2 Service Provider's Obligations

- i. The Service Provider shall ensure that the quality, standards, and services to be delivered or rendered hereunder, will be of the kind, quality, and timelines as designated by the buyer.
- ii. The Service Provider shall be responsible for arranging all requisite measuring equipment duly calibrated and certified from a recognized laboratory required for undertaking the sampling exercise.
- iii. Utmost care shall be exercised by the Service Provider in carrying out the work to ensure that no damage is caused to persons and properties.
- iv. The Buyer will not be liable for any injury or damage to persons and any such happening will be exclusive responsibility of the service provider.
- v. The Service Provider should deploy only qualified and experienced professionals having the requisite experience to carry out the work.
- vi. The Service Provider shall be liable to Buyer for any and all losses of any nature whatsoever arising directly or indirectly by negligence, dishonest, criminal, or fraudulent acts of any of the representatives and employees of the Service Provider while providing the services. The Buyer shall not be responsible for any claim raised by any third party against any losses caused due to any action or omission of the personnel of the Service Provider. The Service Provider shall wholly and fully be responsible for any such claims.
- vii. The Service Provider shall regularly provide updates to the buyer with respect to the provision of the services in the manner prescribed by the Buyer.
- viii. The Service Provider shall not violate any proprietary and intellectual property rights of the Buyer or any third party, including without limitation, confidential relationships, patents, trade secrets, copyright, and any other proprietary rights in the course of providing service.
- ix. The Service Provider will be responsible for compliance with all laws, rules, regulations, and ordinances applicable in respect of its employees, sub-contractors, and agents (including but not limited to Minimum Wages Act, Provident Fund laws, Workmen's Compensation Act) and shall establish and maintain all proper records including, but not limited to, accounting records required by any law, code, practice or corporate policy applicable to it from time to time, including records and returns as applicable under labor legislations.
- x. The Service Provider shall comply with all statutory requirements, including but not limited to those as specified above, and shall keep the Buyer harmless and indemnified for any action brought against it for any violation/non-compliance of any of the Acts, etc.
- xi. The Service Provider shall provide a suitable substitute well in advance if there is any probability of the person leaving the job due to his/ her own personal reasons. The payment in respect of the overlapping period of the substitute shall be the responsibility of the service provider.
- xii. The Service Provider shall not sub-contract any work part of the scope of work.
- xiii. The Service Provider will provide a warranty covering the rectification of any and all defects in the design of equipment, materials, and workmanship including spare parts for the period specified by the buyer in the bid document from the date of commissioning of the project.
- xiv. The Service Provider will be responsible for all the required activities for the successful operation and maintenance of the Ground Mounted Solar PV system for the specified period mentioned in the bid from the date of commissioning of the plant.
- xv. The Service Provider will provide immediate replacement of defective Modules, Invertors/PCUs, and other equipment as and when required.
- xvi. The Service Provider will ensure the supply of all spares, consumables, and fixtures as required. Such stock shall be maintained for all associated equipment and materials as per manufacturer/ supplier's recommendations.
- xvii. All the equipment testing instruments required for Testing, Commissioning, and O&M for the healthy operation of the Plant shall be maintained by the Service Provider.
- xviii. The testing equipment must be calibrated once every 2 years from NABL-accredited labs and the certificate of calibration must be kept for reference as required.
- xix. If negligence/maloperation on the part of the Service Provider results in failure of equipment, such equipment should be repaired/ replaced by the Service Provider free of cost.
- xx. The Service Provider will give a declaration/certification to the Buyer that the solar panel / solar panel components will be Made in India products.
- xxi. The Service Provider will provide details of domestic content requirements as per the prescribed format.

4.3 Special Terms and Conditions

- i. The service provider shall regularly provide updates to the buyer with respect to the provision of the services and shall meet with the personnel designated by the buyer to discuss and review its performance at such intervals as may be agreed between them.
- ii. The serious irregularities, if any, noticed shall be covered exhaustively in the executive summary/periodic reports to be submitted.
- iii. Payments of all travel claims shall be made by the client based on actual expenses.

5. Relationship between the Buyer and the Service Provider

The relationship between the Buyer and the Service Provider under this agreement is that of a principal-to-principal basis and neither party shall have the power or authority to bind or obligate the other party except as expressly outlined in this Agreement. Therefore, neither the Service Provider nor the personnel of the Service Provider shall become the employee of the Buyer under this Agreement. The Buyer shall also not be liable to the Service Provider nor its personnel, beyond the scope and the fees as mentioned in the STC. For the sake of clarity, it is stated that the Buyer shall not be responsible for any claim such as salary or allowances, bonus, compensation, damages, or anything arising out of their employment/duty under this STC. The Service Provider shall make its employees/personnel known about this position in writing before deploying the personnel to the Buyer's site. The Buyer shall in no way be responsible for the violation of any laws from the time being in force, either by the Service Provider or its employees.

6. Payment Schedule

- i. The Payment procedure shall be in as specified in the General Terms and Conditions (GTC) of GeM.
- ii. Payment schedule to be as per payment terms specified in bid document.

7. Formula used

Lumpsum quote which will include the cost of Design, supply, installation, and commissioning including warranty, comprehensive operation & maintenance of Grid Connected Ground Mounted solar plants.

8. Deduction and Termination

Sr. No	Particulars	Financial Implications
		1 st instance – X% of contract
		2 nd instance – Y% of contract
1	Delay in achieving agreed milestones	3 rd instance – Z% of contract
		OR
		X% per month from the due date of completion of the exercise
2	Non-deployment of total manpower mentioned in the contract as per the Schedule	X% of overall contract value for every week of delay in deployment of manpower
3	If the employee of the service provider is found responsible for any leakage of information, lobbying, bribing etc.	Buyer may decide to terminate the contract, besides levying stipulated penalties.
